## Employment & Leadership

### UCSC Learning Support Services / Small Group Tutor

JANUARY 2019 - APRIL 2019, Santa Cruz, CA

Led small sections of peer tutoring for discrete mathematics through the university's learning support services. Required 2 unit class directed towards techniques for peer instruction. Emphasis on helping students find ways to help themselves, such as navigating resources, active problem-solving with tools that are provided, and developing good study habits.

### Orange Music Studio LLC / Music Instructor

March 2022 - Present, Saratoga, CA

Teach private drum and piano lessons to students with various experience levels, from beginner to advanced. Students are mostly young children, however I also teach high school students and adults.

### Co-Director / Kadence Keys Student Band

SEPTEMBER 2019 - Present, Santa Cruz, CA

As one of two co-directors of a student organization of around twelve members, my duties are organizational and leadership oriented. These include scheduling rehearsals, communicating with the University to remain a registered organization and assure continued use of university facilities, managing communications within the band, picking music to play, leading rehearsals, and scouting/acquiring performance opportunities.

### Old Navy / Sales Associate

SEPTEMBER 2020 - January 2021, Dublin, CA

Obligations include promoting rewards programs, ringing up customers, recovering/cleaning salesfloor, stocking items, running back returned items, etc.

### Corner Bakery Cafe / Cashier

SEPTEMBER 2016 - MARCH 2017, Pleasanton, CA

Job responsibilities included greeting customers, taking orders, serving food, bussing tables, cleaning house, restocking supplies/food items, etc.

---

## Hobbies & Interests

Music recording/production techniques such as mixing/mastering, creating music with Logic Pro X, Ableton, and Reaper Digital Audio Workstations, and sound design/synthesis with Max for Live and VCV rack. Recently, I have been starting to learn digital art in a 3D program called Blender to incorporate into my music.
